## DevelopmentHub 2026/2027 Graduate Internship Opportunities

### Description

Developmenthub (Pty) Ltd, an AWS Partner specializing in cloud solutions and software development, invites dynamic and tech-savvy graduates or unemployed youth passionate about cloud computing and software development to apply for our internship program. This program offers hands-on experience in building, selling, and managing cloud solutions, providing invaluable opportunities to learn and grow within an innovative and rapidly evolving field.

Developmenthub offers an immersive internship experience focused on cloud computing and software development. Interns will work alongside experienced professionals to contribute to real-world projects, gain technical skills, and deepen their understanding of cloud technologies. The internship is designed for graduates who are eager to enhance their career prospects in the rapidly growing tech industry.

**Location:** Hyde Park, Johannesburg, South Africa

**Duration:** 12 months (with potential for permanent employment)

**Positions Available:** 5

**Eligibility:** Youth aged 18–34 years, South African citizens, unemployed at the time of onboarding, and recent graduates with a relevant degree.

### Responsibilities

Interns will be engaged in various tracks, each focusing on a distinct area of cloud computing and software development:

#### Build:

- Design and deploy cloud infrastructure.
- Write code and automate solutions using AWS services.
- Gain hands-on experience with programming frameworks and cloud computing.

#### Sell:

- Develop go-to-market strategies for cloud solutions.
- Engage with clients and promote cloud offerings.
- Assist in business development and sales activities.

#### Manage:

- Manage cloud environments, monitor performance, and optimize costs.
- Ensure security protocols are in place for cloud operations.
- Work on operational efficiency and business analysis related to cloud environments.
