Description

Volvo Trucks Southern Africa is offering an exceptional opportunity for a graduate to gain exposure to various functions within the Business Control domain. This position is based at the Regional Distribution Centre in Boksburg and provides an invaluable experience for individuals aspiring to develop a career in finance.

The Finance Internship Programme aims to equip graduates with practical experience in business control operations. Interns will engage in a variety of financial tasks, enabling them to enhance their skills and contribute to the organization's financial objectives.

Responsibilities

The successful candidate will be responsible for the following tasks, among others:

- Assisting in cost deployment efforts aimed at reducing waste and increasing productivity.
- Undertaking other ad hoc duties as assigned by the Service Market Logistics Team.
- Supporting equipment investment management activities.
- Reporting financial results using the Company's reporting system (VGCS system).
- Managing expenditures and usage of miscellaneous items.
- Compiling freight cost reports and ensuring their accuracy and completeness.
- Supporting the procurement process, including creating purchase orders and managing the delivery of goods.
- Aiding in the preparation of financial forecasts and budgets.
- Assisting in management cost control initiatives.
- Facilitating freight payments.
- Supporting the monthly financial reporting processes, including journal posting and review on the SAP accounting system.
- Preparing and presenting financial results to the Business Control Global Team.
- Conducting detailed financial analyses against planned budgets.

Qualifications

- Candidates must possess a diploma or degree in Finance or a related field.

Job Benefits

This internship provides a unique opportunity for hands-on experience in financial management within a leading automotive company. Interns will benefit from mentorship and the chance to develop essential skills in a supportive environment.
